

At Havoc, we are always looking for new and inventive ways to help our customers eliminate outdated and expensive processes and consolidate systems. Using Supertrack and our RFID+QR code tag technology for organizing, completing, and documenting lockout/tagout (LOTO) work is one such use case.

The same Supertrack account used for safety and equipment management can be used to digitize and manage LOTO documentation, procedures, checklists, audits, inspections, and more. Use Supertrack RFID+QR code TapTags to instantly access and manage your LOTO information and procedures from any device.

- RFID+QR Code TapTags Provide Instant Access to Data
- Works with Apple and Android Phones and Tablets
- No Dedicated / Expensive Scanners Required
- Cloud-Based and Updates in Real Time
- No Secondary Uploading of Data Required
- Automatic Notifications of Failed Inspections
- Take and Save Inspection Photos in App
- Automated Inspector and Asset Identification
